

# KIIT INTERNATIONAL MUN

9<sup>th</sup> - 11<sup>th</sup> September 2022

## ABOUT US

KIIT International Model United Nations is one of the largest simulations of United Nations across the globe, organized by KIIT University. Since its inception in 2013, the event has been setting the benchmark a little higher with every edition. KIIT International MUN 2016 was the largest MUN hosted in the world with a total participation of around 2,500 delegates. At KIIT International Model United Nations, we bring in participation from not just the renowned institutions and organizations of India, but also from countries that span every corner of the world.

It serves as a great opportunity to socialize with delegates coming from different walks of life and learn the nuances of diplomacy and leadership from a meticulously curated array of Executive Board Members who are simply the best. Vigorous debates and tremendous research are what constitute the three-day event, along with something to look forward to at the end of each day.

With cultural performances, stand-up comedy, and networking dinners- KIIT International MUN does not just stress peace and promote diplomacy but also holds up the socialization aspect from an individual's point of view.
